MESSAGE FROM THE CHAIRMAN

OPENING MINDS FOR NEW POSSIBILITIES

The future of our world is in our hands. As we raise future leaders, sportstars, artists, thinkers and innovators, we must remember that we are living in a global world that is changing constantly. Conventional learning can no longer build our foundation, new ideas alone can shape a new tomorrow. At the forefront of transforming education in new India, we, at Jaipuria School look at education beyond textbooks and exams. We believe in integrated, holistic education that opens minds, nurtures skills, cultivates values and unleashes every child's potential.

I welcome you to join us in this journey. I am sure this will be as enriching and rewarding for you as it is for us.

Mr. Harshit Aggarwal

MESSAGE FROM THE DIRECTOR

RAISING LEARNERS FOR A NEW WORLD

Every child is a unique gift of talent and dreams. It is for us to help him/her to discover and unleash them. At Jaipuria School, we mould each child to be the best. Our children learn and grow at their own pace in a warm, enabling environment that supports them at every step.

Jaipuria's integrated approach focuses on physical health, emotional well-being as well as intellectual growth. Cultivating values like sharing, empathy, responsibility is as important as performance in school tasks. Above all, we make sure that children enjoy each day and come back curious to know more.

We see ourselves as not just a school but as a platform where children find world's best resources to become good humans who contribute to the nation as well as the world.

I invite you to discover this new way of learning and growing at Jaipuria.

TRANSFORMING EDUCATION IN KANPUR

Kanpur also known as Cawnpore, is a metropolitan city in the state of Uttar Pradesh in India. Founded in 1803, Kanpur became one of the most important commercial and military stations of British India. Nestled on the banks of Ganges River, Kanpur stands as the major financial and industrial centre of North India and also the ninth-largest urban economy in India. Today it is famous for its colonial architecture, gardens, parks and fine quality leather products which are exported mainly to the West.

The city is famous for its leather and textile industries. It is the 12th most populous city and the 11th most populous urban agglomeration in India. Kanpur was an important British garrison town until 1947, when India gained independence. The urban district of Kanpur Nagar serves as the headquarters of the Kanpur Division, Kanpur Range and Kanpur Zone.

With the first woolen mill of India, commonly known as the Lal Imli (literally meaning "Red Tamarind", for a brand produced by the mill) by the British India Corporation established here in 1876 by Alexander MacRobert. The eastern and northern facades of the mill are reminiscent of the Palace of Westminster, due to their architecture, proximity to the Ganges river and with the north-east corner of the mill being topped by a clock tower similar to Big Ben in London. This similarity underscores the city's importance and prestige during the British times, which extends till date; making the Lal Imli — a great highlight of the city. The city is also widely regarded as the "Leather City of the World" and is predominantly nicknamed as the "Manchester of the East", for its textile industries.
